

(Your District name) Understanding the "A-F" Ratings

New state law mandates an A-F rating system for campuses and districts. There are 5 areas that are measured. Below is an explanation of these measures.

55% - STAAR Related

Student Achievement

- ◆ % of student STAAR scores at a defined satisfactory standard
- ◆ % of student STAAR scores at a defined college-readiness standard

Student Progress

- ◆ % of students progressing toward the STAAR passing standard
- ◆ % of students progressing toward the STAAR college-readiness standard

Closing Performance Gaps

STAAR performance of students from different race and ethnic groups along with those considered to be living in poverty

35%

Postsecondary Readiness

- ◆ Student attendance
- ◆ Students take advanced courses or earn college credit through dual enrollment
- ◆ Students graduating on time
- ◆ Students who earn an industry certification
- ◆ Students graduating with an advanced diploma plan

10%

Community and Student Engagement

This will be measured by 3 indicators chosen and rated by the district that evaluate how the schools are meeting local community expectations.
